

Wallaceburg Christian School Society - Board Policy Manual

Section: Curriculum

Subsection: Length of Year

Subject: 502-Instructional timetable

Effective: September 2006

Length of School Year

Wallaceburg Christian School has a policy on the length of the school year that states that we will follow the recommendation of 1000 hours as per the Ontario Alliance of Christian Schools.

With 335 minutes hours of instruction time including time immediately after each bell each school year will have 179 days. 5 PD Days will be designated within that school year including the 2 day OCSTA Convention held in October.

Days to begin and end and major holidays will try to coordinate with other local public and separate schools or Christian schools but may not always follow exactly.

The OACS publishes a yearly resource entitled School Calendar for OACS Schools which gives further guidelines to setting up the school year.
