

Wallaceburg Christian School Society - Board Policy Manual

Section: Curriculum

Subsection: Standardized Tests

Subject: 540-Standardized Testing Policy

Effective: December, 2009

Standardized Testing Policy

Every school year that begins with an even year such as 2008 the students of Grades 3-8 will take the Canadian Test of Basic Skills (CTBS), or equivalent. The results will be:

1. Shared with the teachers.
2. They will be made available for parents if they choose to see the results.
3. The main purpose of this activity is to see what areas or curriculum are weak and need further development.
4. The results may also be used for promotional purposes when attracting new families.
